American Eagle is a wooden racing roller coaster located at Six Flags Great America. It was the first wooden roller coaster designed by Intamin of Switzerland and was built in 1981 by the contracting firm Figley-Wright. While the records have since been broken, American Eagle had the longest drop and fastest speed among wooden roller coasters when it debuted and is still recognized as a top ...

A roundabout, (also called a traffic circle, road circle, rotary, rotunda or island), is a type of circular intersection or junction in which road traffic is permitted to flow in one direction around a central island, and priority is given to traffic already on the junction.. Modern roundabouts observe various design rules to increase safety. Compared to stop signs, traffic signals, and ...

Surface fleet leadership engaged in a number of innovation attempts beginning in the 1970s and culminating with the commissioning of the Basic and Advanced Division Officer Courses (BDOC) program in 2012.

Nevertheless, not all of these attempts were well-thought out. One of these missteps was the ...

In a recent Public Agenda survey, parents of public high-school students supported the idea that reducing class sizes was a better way to improve schools than raising salaries for teachers. More stunning, however, was the survey's finding that public high-school teachers felt the same way. This ...

Drumming is as fundamental a form of human expression as speaking, and likely emerged long before humans even developed the capability of using the lips, tongue and vocal organs as instruments of communication.. To understand the transformative power of drumming you really must experience it, which is

something I have had the great pleasure of doing now for twenty years.
